HOTEL ANGELENO INCREASES WIRELESS INTERNET BANDWIDTH

Hotel More than Triples Internet Bandwidth in an Effort to Better Accommodate Guests

LOS ANGELES, Calif. – In an age of mobility where connectivity is either a point of frustration or a luxury, Hotel Angeleno always eager to be one step of valued guests needs and expectaions has **increased** the speed of their **complimentary** wireless internet.

Whether checking e-mail, surfing the web or streaming video, the hotel has made a point to provide **multiple bandwidth options** for internet usage. Unlike many hotels in the area the complimentary wireless internet service is not restricted to just the guest rooms. At Hotel Angeleno wifi is available **throughout the entire hotel**, including the pool area, lobby, and penthouse level, West Restaurant.

“Traveling can be challenging enough without having to worry about access to the internet,” said Rick Gluth, Hotel General Manager. “Choosing to upgrade the internet bandwidth, as well as offering complimentary wifi are just a few examples of how we make our guests our number one priority.”

Hotel Angeleno is located at the base of the prestigious Santa Monica Mountains, bordering Brentwood and Bel Air. The property is the closest hotel to the world-famous **Getty Center Museum** and is easily **connects** guests to the Century City, Beverly Hills, UCLA, Santa Monica business corridors as well as a plethora of southern California attractions.
